SECRET

20. [redacted] Met with Bill Ashworth, Senate Foreign Relations Committee staff, who told me that Senator Clifford P. Case (R., N. J.) is interested in pursuing in more depth questions concerning Soviet and other attitudes, such as limited nuclear war to present weapons development programs, giving any indication of desires for flexibility and opposition on the part of the Soviets. He asked if I explored this area of possible questions and advise whether it is one that would be worth the time of Agency witnesses before the Committee.

The Committee is also interested in the possession of aircraft by various Middle East countries--such aircraft to Egypt would seem to create a rather difficult problem. Also, can we advise what are the facts on this matter. I told Ashworth I would check these matters informally

22. [redacted] Met with Georgia Graham, Caseworker in the office of Senator John G. Tower (R., Texas), and discussed with her the correspondence [redacted] Texas concerning Air Asia, GAO and CIA. Miss Graham would be most appreciative if we would attempt a draft suggested response for Senator Tower's use.

23. [redacted] Received a call from [redacted], [redacted] who informed me that their office had scheduled an interview for [redacted]

24. [redacted] Delivered a copy of the Director's prepared statement before the Fund for Peace group on 13 September to Jeff Baker, on the staff of Senator Lowell P. Weicker, Jr. (R., Conn.), per Baker's request.
